

MEND is proud to
announce:
Project LIFE

As of August 21, 2012 we will be offering one-on-one peer health education services to clients and patients, interdepartmental workshops and other outreach activities.

The peer health education sessions begin promptly at 9:00am on August 21st and they are open to all patients, clients and volunteers!

We ask that you and your department join us towards extending the range of services that we offer our clients while we aim to improve the health and well-being of all!
